Customers Note:

Please **DO NOT** spray fungicides, insecticides, or miticides without proper protective gear. This includes a respirator, goggles and chemical resistant gloves at a minimum. You should also take proper precaution to cover your arms and legs with either long pants and long sleeve shirt, or with a chemical resistant suit such as Tyvek. The advice and information in this web page is believed to be true and accurate to the best of our knowledge, however, neither the author or Rosemania makes any warranty, expressed or implied with respect to the material contained herein.
