

Pre-Apprentice Horticulture Judge Self Assessment

Name _____

Date _____

Show _____

Judge's Chair _____

As a Pre-Apprentice, the candidate will attend a rose show to improve and assess their judging skills by working with the District Judges Chair, the host rose show Horticulture Judges Chair and other Horticulture Judges.

During the Pre-Apprentice Self-Assessment, the candidate will not be assigned to a judging team. The candidate will instead move freely from one judging team to another observing and asking questions. As experienced judges offer their insight into the good qualities of the blue ribbon winners the candidate will better understand the requirements and values of point scoring different rose classes.

My Self Assessment: As a Pre-Apprentice, the candidate will perform a self-assessment which will continue throughout the Apprenticeship.

_____ Using the show schedule and a walk of the room, roughly, how many entries were in the show?

_____ How many judges/teams were used? _____ I participated in the rose show as an exhibitor?

I understand the requirements to adequately judge these classes:
